John,

Attached is a copy of the background material we prepared last year to support our case for an exemption to the special ADP procurement policies and reporting requirements imposed on Defense. As pointed out in our appeal package, we believe our case is equally valid today; hence, we should be exempted from the additional ADP reporting requirements proposed this year.

Dear Mr. McMahon:

This responds to your letter of June 4, 1984, requesting that CIA be granted an exemption from the requirements governing the acquisition of automated data processing (ADP) equipment as set forth in the Conference Report on the Department of Defense (DOD) Appropriations Bill for FY 1984, and the Classified Annex to the Conference Report.

Your letter sets forth very cogently the reasons why the application of the ADP acquisition requirements would adversely impact on the performance of CIA's unique missions. Therefore, the Committee agrees that CIA should be exempt from those requirements.

Sincerely,

Joseph P. Addabbo
